REPORT OF THE PROGRAMME

DATE: 27.10.2022

Name of the programme : Seminar on Intellectual Property Rights, Start Up and Innovation

Beneficiaries: B.E – All Civil Students

No. of participants: 26

Date & Time: 27/10/2022 & 09.30 am to 01.00 pm

Resource person: Dr. T. Ramesh, Associate Professor/ Mech, National Institute of Technology, Trichy

Programme Co-ordinator: Dr.Vinothkumar, Assistant Professor, / Civil IPR Coordinator

Research and Development cell of A.R Engineering College organized the One Day Awareness program of Seminar on Intellectual Property Rights, Start Up and Innovation 27/10/2022 by Dr. T. Ramesh, Associate Professor/Mech was the resource person of the conference programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the rewards and recognition to inventor/contributor for their research, legal protection encourages innovation, economic growth, new jobs and industries, improves quality of life. IPR protection plays a key role in gaining modest advantage in terms of technological gains for achieving higher economic growth in a market driven economy. The main aim of faculty development program is to impart greater awareness about the issue of Intellectual Property Right, which has gained a special importance for all the domains of socio-economic development.

REPORT OF THE PROGRAMME

DATE: 04.11.2022

Name of the programme : Technical Seminar on "Industry 4.0 Revolution and Demand Supply Gap of Resources and its Capabilities in Research Methodology"

Beneficiaries: B.E Mechanical Students

No. of participants: 65

Date & Time: 04/11/2022 & 10:00 am to 12:00 pm

Resource person: Mr. P.B. Sunilkumar B.Tech., Director, Askans Technologies Pvt Ltd

Programme Co-ordinator: Dr. N. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Technical Seminar on "Industry 4.0 Revolution and Demand Supply Gap of Resources and its Capabilities in Research Methodology" 04/11/2022 by Mr. P.B. Sunilkumar, B.Tech., Director, Askans Technologies Pvt Ltd was the resource person of the programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the revolution of industry. The impact of the Industry 4.0 paradigm in the global and national economies, individual industries, employment, capital markets, are attracting more and more attention for economists. Every industrial revolution centered around boosting productivity. The first three industrial revolutions had a significant impact on industrial operation for allowing increased efficiency and productivity by utilizing innovative technological breakthroughs, such as steam engines, electricity and digital technology. This developing industry 4.0 concept is an umbrella term for a new industrial paradigm that includes CPS, IOT, IoS, Robotics, Big Data, Cloud Manufacturing, etc.

Sub: Request permission to conduct a Technical Seminar on "Industry 4.0 Revolution and Demand Supply Gap of Resources and its Capabilities in Research Methodology" for all B.E Mechanical Students of our institution -reg.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a Technical Seminar on "Industry 4.0 Revolution and Demand Supply Gap of Resources and its Capabilities in Research Methodology" for all mechanical Students at 10:00 am to 12:00 pm on 04/11/2022 with the aim of encouraging an individual to make decision towards their career goal. Through this programme the students can practice techniques to sharpen focus and champion a winning attitude towards their goal. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

REPORT OF THE PROGRAMME **DATE**: 21.03.2023

Name of the programme: WORKSHOP on "Research Methodology in Energy of Batteries and Its Future"

Beneficiaries: B.E – III Year EEE Students

No. of participants: 30

Date & Time: 21/03/2023 & 09:30 am to 04:00 pm

Resource person: Mrs. C. Salom Jerlin, Technical lead, Hitakey Infosys, Trichy.

Programme Co-ordinator: Dr. N. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the WORKSHOP on "Research Methodology in Energy of Batteries and Its Future" 21/03/2023 by Mrs. C. Salom Jerlin, Technical lead, Hitakey Infosys, Trichy was the resource person of the programme. The session commenced with the welcome address. She gradually delivered his valuable knowledge to students about the successive improvements in battery technology facilitated major electrical advances, from early scientific studies to the rise of telegraphs and telephones, eventually leading to portable computers, mobile phones, electric cars, and many other electrical devices. One important classification for batteries is by their life cycle. "Primary" batteries can produce current as soon as assembled, but once the active elements are consumed, they cannot be electrically recharged. The development of the lead-acid battery and subsequent "secondary" or "chargeable" type allowed energy to be restored to the cell, extending the life of permanently assembled cells. A breakthrough in electric vehicle battery design has enabled a 10 minute charge time for a typical EV battery. This is a record breaking combination of a shorter charge time and more energy acquired for longer travel range.

Resource person: Mr. M. Balasingh Moses, HOD/EEE, Anna University, Trichy

Programme Co-ordinator: Dr. N. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on "Research Methodology Based on Circuit Theory and Circuit Analysis" 29/03/2023 by Mr. M. Balasingh Moses, HOD/EEE, Anna University, Trichy was the resource person of the Conference programme. The session commenced with the welcome address. The resource person graced the session in circuit theory design and analysis. He gradually delivered his valuable knowledge to students about how to design the circuit. He concluded the session with various design, laws and analysis of circuit.

Respected sir,

Sub: Request permission to conduct a Workshop on "Research Methodology Based on Circuit Theory and Circuit Analysis" for all B.E EEE Students of our institution -reg.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a Workshop on "Research Methodology Based on Circuit Theory and Circuit Analysis" for all B.E EEE Students at 10:00 am to 04:00 pm on 29/03/2023 with the aim of encouraging the students to gain knowledge in circuit theory and analyzing the circuits using various methodology. Through this programme the students can learn about the learning methods. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

REPORT OF THE PROGRAMME **DATE**: 18.02.2023

Name of the programme: Seminar on "Research Methodology in Smart Manufacturing by Leveraging Industry 4.0"

Beneficiaries: B.E - Mechanical Students

No. of participants: 65

Date & Time: 18/02/2023 & 11:00 am to 01:00 pm

Resource person: Mr. Rohan Joshi, Director – BIZM Consultant Pvt Ltd, (Ex – PTC, IBM, ROLLS ROYCE).

Programme Co-ordinator: Dr. N. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Research Methodology in Smart Manufacturing by Leveraging Industry 4.0" 18/02/2023 by Mr. Rohan Joshi, Director – BIZM Consultant Pvt Ltd, (Ex – PTC, IBM, ROLLS ROYCE) was the resource person of the programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the revolution of industry. Industry 4.0 is powered by the Industrial Internet of Things (IIoT) and Cyber physical system- smart, autonomous system that use computer- based algorithm to monitor control physical things like machinery, robots, and vehicles. The goal of Industry 4.0 is to create Smart factory that are more efficient, flexible and adaptive. Smart Manufacturing refers to the use of advanced technology, such as sensors, data analytics and machine learning, to optimize manufacturing processes. He also discusses about how the factories employ smart technologies in the production process, such as computerized knitting, robotic arms, laser-cutting robots and 3D printing. He concluded the session with the advances in Artificial Intelligence(AI), Robotics, Internet of Things(IOT), Web3, Block Chain, Genetic Engineering, Quantum computing and other technologies.

REPORT OF THE PROGRAMME DATE: 03.09.2021

Name of the programme : Seminar on "Engineering Mechanics in Research Methodology"

Beneficiaries: B.E Students [Civil - II, III, IV Year]

No. of participants: 45

Date & Time: 03.09.2021 & 10:00 am to 04:00 pm

Resource person: Dr. S. Evany Nithya, AP/Civil., Anna University, Trichy.

Programme Co-ordinator: Dr. M. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Engineering Mechanics in Research Methodology" 03.09.2021 by Dr. S. Evany Nithya, AP/Civil., Anna University, Trichy, was the resource person of the seminar programme. The session commenced with the welcome address. The resource person graced the session with the bridge between theory and application , engineering mechanics is used to formulate new ideas and theories, discover and interpret phenomena and develop experimental and computational tools. Mechanical engineering subjects provide you with a wide range of skills, including problem-solving, teamwork, advanced technical, academic writing and decision-making skills that will train you to handle various situation and find practical solutions to problem in any field.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a Seminar on "Engineering Mechanics in Research Methodology" for Civil II, III, IV Year Students at 10.00 am to 04.00 pm on 03.09.2021 with the aim of encouraging the students to gain knowledge in design of mechanics. Through this programme the students can learn about the principles and design of mechanics. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

Respected sir,

Sub: Inviting as a resource person for the programme conducted by R&D CELL-reg.

I am writing this letter to you to formally invite you to the R&D Programme Seminar on "Engineering Mechanics in Research Methodology" which has been scheduled on 03.09.2021 from 10.00 am to 04.00 pm.

In this regard, we would like to request you to be a guest speaker for the said event to share your knowledge to all of the educational participants.

Your favourable request regarding this request will be highly appreciated.

Thanking You,

Respected sir,

Sub: Request permission to conduct a "Aspiring Entrepreneurship Programme" for B.E . All branches final year students of our institute (2021-2022 batch)-reg.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a Workshop on "Aspiring Entrepreneurship Programme" at 12.00 Noon to 1.30 pm on 21/10/2021 with the aim of encouraging the students to know about the aspiring programmes. Through this programme the students know about the entrepreneurs who have the freedom to make decision about their businesses, set their own schedules, and determine their own success. Many entrepreneurs find a sense of fulfillment in creating and running their own businesses, which can be more satisfying than working for someone else. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Villupuram

Respected sir,

Sub: Inviting as a resource person for the programme conducted by EDC CELL-reg.

I am writing this letter to you to formally invite you to the EDC Programme "Aspiring Entrepreneurship Programme" which has been scheduled on 21/10/2021 from 09:30 am to 04:30 pm.

In this regard, we would like to request you to be a guest speaker for the said event to share your knowledge to all of the educational participants.

Your favourable request regarding this request will be highly appreciated.

Thanking You,

With regards,

EDC coordinator,

MR.R. RAMAMOORTHY

REPORT OF THE PROGRAMME DATE: 10.11.2021

Name of the programme: Workshop on "Procedure for filing and Grant Patent in India on Intellectual Property Rights"

Beneficiaries: B.E – All Civil Students

No. of participants: 20

Date & Time: 10/11/2021 & 09.30 am to 01.00 pm

Resource person: Nikunj Panchal AVP at Startup TN Ex-Manager, SRM Innovation & Incubation Centre, Chennai

Programme Co-ordinator: Dr. Vinothkumar, Assistant Professor / Civil IPR Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on "Procedure for filing and Grant Patent in India on Intellectual Property Rights" 10/11/2021 by Nikunj Panchal AVP at Startup TN Ex-Manager, SRM Innovation & Incubation Centre, Chennai was the resource person of the programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the condition of patentability, patentable and non patentable inventions, Types of patent application, Process Patent, Product Patent, Precaution while patenting, Patent specification patent claims, Disclosure and non disclosures, patent rights, Method of getting a patent, work for development, promotion, protection, compliance and enforcement of Intellectual Property and patenting. He spoke about some points on 'Changing dimension of patent laws in India'. He took the audience through the positively changing scenario in patent issues and litigation.

REPORT OF THE PROGRAMME DATE: 17.11.2021

Name of the programme : Seminar on Research Training on Drone Surveying and Mapping

Beneficiaries: B.E All Civil Students

No. of participants: 20

Date & Time: 17/11/2021 & 10.00 a.m to 04.00 p.m

Resource person: Mr. M. Muthuraj, B.E., Founder and CEO, GYOKAP Surveying Training Institute, Chennai.

Programme Co-ordinator: Dr. N. Muthukumar, Assistant Professor/ CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on Research Training on "Drone Surveying and Mapping" 17/11/2021 by Mr. M. Muthuraj, B.E., Founder and CEO, GYOKAP Surveying Training Institute, Chennai was the resource person of the seminar programme. The session commenced with the welcome address. He gradually delivered his knowledge to students about the surveyors and engineers for terrain assessments and mapping. The notion of using photogrammetry for this industry is not entirely new, but the concept of drone implementation has made inspections and mapping much more cost effective. Accuracy is a critical factor during drone use within this industry. One of the most important considerations when using drone in surveying and mapping are the tools needed for proper accuracy. This process is usually completed with a survey grade GPS System.

Research and Development cell of A.R Engineering College organized the Seminar on Research Scope in Watse Water Management 24.03.2022 by Dr. S. Sankaran, Associate Professor was the resource person of the seminar programme.The session commenced with the welcome address.He gradually delivered his valuable knowledge to students about to study the waste water mangement which involves scientists, managers and engineers. Sustainable water resource management needs innovation in technology, institutional and policy arrangement to deal with growing water scarcity. The right waste water disposal solution must be considered and a more integrated approach must be used for diverse situation. The basic principle of devolving implementation standard is the basis for decentralized wastewater treatment so that wastewater can be managed at low prices, minimizing the cost of drainage long distance and promoting local reconstruction of treatment wastewater.

REPORT OF THE PROGRAMME DATE: 19.09.2020

Name of the Programme : Workshop on "Evaluation Model for Research Methodology and Development Commercialization Capability"

Beneficiaries: B.E - All Final year Students

No. of participants: 110

Date & Time: 19.09.2020 & 09:30 am to 01:00 pm

Resource person: Dr. A. Velmurugan, M.E Ph.D., Associate Professor/MECH, Government College of Engineering, Dharmapuri.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on Evaluation Model for Research Methodology and Development Commercialization Capability for all final year students on 19.09.2020 by Dr. S. Jim Hawkinson, Assistant Professor/ECE, E.G.S Pillai Engineering College, Nagapattinam was the resource person of the programme. The session commenced with the welcome address. The resource person graced the session with introduction about Linear integrated circuit. IC is a miniature, low cost electronic circuit consists of active and passive components that are irreparably joined together on a single crystal chip of silicon. The main objective of the course are To introduce the basic building blocks of linear integrated circuits, to teach the theory of ADC and DAC, linear and non linear application of operational amplifier. On completion of this session, the students will have a thorough understanding of operational amplifier, linear integrated circuits, will be able to design circuits using operational amplifier for various application. Hands on session was practiced for the students in afternoon session for the various opamp circuits.

Respected sir,

Sub: Request permission to conduct a Workshop on Evaluation Model for Research Methodology and Development Commercialization Capability for all final year students -reg.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a Workshop on "Evaluation Model for Research Methodology and Development Commercialization Capability" for all final year students at 09:30 am to 01:00 pm on 19.09.2020 with the aim of encouraging an individual to access the Commercialization capability, six criteria for R&D Project Commercialization capability are technology, marketing, finance, intellectual property, resource, and beneficial impact should be considered but at different level relates to R&D Development process. Through this programme the students can practice techniques to sharpen focus towards their research goal. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with this letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on Use of Online Resources in Research Methodology for all final year students on 29.09.2020 by Dr. S. Mary Saira Bhanu, Professor/CSE, NIT, Trichy was the resource person of the workshop programme. The session commenced with the welcome address. The resource person graced the session with different online sources. Some examples include blogs, websites, online articles, online journal articles, and any website a writer could find online. The Internet is a useful tool for research because it gives access to a wide range of material, makes it easier for researchers to communicate and work together, and makes it possible to employ online research tools. The research resources of print media such as books, brochures, journals, magazines, newspaper and electronic sources found on the internet.

REPORT OF THE PROGRAMME **DATE: 10.10.2020**

Name of the Programme : Seminar on "VLSI Design Approach of Techniques Behind Research Methodology"

Beneficiaries: B.E- ECE Students

No. of participants: 30

Date & Time: 10/10/2020 & 09:30 am to 01:00 pm

Resource person: Dr. M. Surendar, M. E Ph.D., Assistant Professor / Electronics and Communication Engineering , National Institute of Technology, Puducherry.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on VLSI Design Approach of Techniques Behind Research Methodology for all ECE students on 10/10/2020 by Dr. M. Surendar, M. E Ph.D., Assistant Professor / Electronics and Communication Engineering, National Institute of Technology, Puducherry was the resource person of the seminar programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the Very-large-scale Integration (VLSI) which is the process of creating an integrated circuit (IC) by combining thousands of transistor into a single chip. Design methodology stresses the use of brainstorming to encourage innovative ideas and collaborative thinking to work through each proposed idea and arrive at the best solution. Meeting the needs and wants of the end user is the most critical concern.

Respected sir,

Sub: Request permission to conduct a Seminar on VLSI Design Approach of Techniques Behind Research Methodology for all ECE students -reg.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a **Seminar on VLSI Design Approach of Techniques Behind Research Methodology** for all ECE students at 09:30 am to 01:00 pm on 10/10/2020 with the aim to know about the process of Very-large-scale integration (VLSI) in creating an integrated circuit (IC) by combining thousands of transistor into a single chip. Through this programme the students can practice the way in which design methods are used in the context of the organization, the project, the product, all stakeholders, and all other aspects that influence the development cycle. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with this letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

REPORT OF THE PROGRAMME DATE: 31.10.2020

Name of the Programme : Workshop on "Introduction to Linear and Digital Integrated Circuits based on Research Methodology"

Beneficiaries: B.E- ECE Students

No. of participants: 30

Date & Time: 31/10/2020 & 09:30 am to 04:30 pm

Resource person: Dr. S. Jim Hawkinson, Assistant Professor/ECE, E.G.S Pillai Engineering College, Nagapattinam.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on Introduction to Linear and Digital Integrated Circuits based on Research Methodology for all ECE students on 31/10/2020 by Dr. S. Jim Hawkinson, Assistant Professor/ECE, E.G.S Pillai Engineering College, Nagapattinam was the resource person of the programme. The session commenced with the welcome address. The resource person graced the session with introduction about Linear integrated circuit. IC is a miniature, low cost electronic circuit consists of active and passive components that are irreparably joined together on a single crystal chip of silicon. The main objective of the course are To introduce the basic building blocks of linear integrated circuits, to teach the theory of ADC and DAC, linear and non linear application of operational amplifier. On completion of this session, the students will have a thorough understanding of operational amplifier, linear integrated circuits, will be able to design circuits using operational amplifier for various application. Hands on session was practiced for the students in afternoon session for the various opamp circuits.

REPORT OF THE PROGRAMME **DATE: 06.02.2021**

Name of the programme: Workshop on "Writing Research Papers, Citation Analysis, Plagiarism, Getting Patent & Copyright in IPR"

Beneficiaries: B.E – Students [ECE & EEE –III, IV Year]

No. of participants: 45

Date & Time: 06/02/2021 & 09.30 am to 01.00 pm

Resource person: Dr. A. Durgadevi , M.E Ph.D., Assistant Professor/ECE, Academy of Maritime Education and Training Engineering, Chennai.

Programme Co-ordinator: Dr. Vinothkumar, Assistant Professor / Civil IPR Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on Writing Research Papers, Citation Analysis, Plagiarism, Getting Patent & Copyright in IPR 06/02/2021 by Dr. A. Durgadevi , M.E Ph.D., Assistant Professor/ECE, Academy of Maritime Education and Training Engineering, Chennai was the resource person of the conference programme. The session commenced with the welcome address. Research is an endeavour to discover answers to intellectual and practical problems through the application of scientific method. "Research is a systematized effort to gain new knowledge". Research is the systematic process of collecting and analyzing information in order to increase our understanding of the phenomenon about which we are concerned or interested. The purpose of research is to discover answers through the application of scientific procedures.

The guest speakers sparkle her idea about plagiarism. It includes Citing a source but reproducing the exact word without quotation marks, using another writer's words without proper citation, Borrowing the structure of another author phrases/ sentences without giving the source. After developing the subject, the final outline must be prepared to make a framework. "Outlines are the framework upon which long written works are constructed. They are an aid to the logical organization of the material and a reminder of the points to be stressed in the report.

REPORT OF THE PROGRAMME **DATE: 02/03/2021**

Name of the Programme : Workshop on "Strength of Materials for Mechanical Engineers in Research Methodology"

Beneficiaries: B.E- Final year Mech Students

No. of participants: 26

Date & Time: 02/03/2021 & 10:00 am to 01:00 pm

Resource person: Dr. G. Rajasekaran, Assistant Professor/ MECH, NIT, Trichy.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on Strength of Materials for Mechanical Engineers on Research Methodology for final year mechanical students on 02/03/2021 by Dr. G. Rajasekaran, Assistant Professor/ MECH, NIT, Trichy was the resource person of the conference programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about purpose of this research is to study the strength of materials, Engineering discipline concerned with the ability of a material to resist mechanical forces when in use. A material's strength in a given application depends on many factors, including its resistance to deformation and cracking, and it often depends on the shape of the member being designed. Strength of material is also known as mechanics of material, is focused on analyzing stresses and deflections in materials under load. Knowledge of stresses and deflections allows for the safe design of structure that are capable of supporting their intended loads.

Respected sir,

Sub: Request permission to conduct a Workshop on Strength of Materials for Mechanical Engineers on Research Methodology for final year mechanical students -reg.

****

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Workshop on Strength of Materials for Mechanical Engineers on Research Methodology for final year mechanical students at 10:00 am to 01:00 pm on 02/03/2021 through this programme the students will know about the program to compute the slopes and deflections in determinate beams by various methods and to study the stresses and deformations included in thin and thick shells. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Recent Research Methodology in Special Concrete" for final year mechanical students on 26/03/2021 by Dr. S. Saravanan, Assistant Professor/Civil, NIT, Trichy was the resource person of the seminar programme. The session commenced with the welcome address. The resource person graced the session with concrete prepared for specific purpose like light weight, high density, fire protection, radiation shielding, etc. Concrete is a versatile material possessing good compressive strength. Special concrete makes the structure more durable as compared to normal concrete since special conditions are maintained in preparing such concrete. Special Concrete are suitable for extreme weathers and can withstand harsh environmental conditions. Low heat characteristics are observed in special concretes.

Research and Development cell of A.R Engineering College organized the Workshop on "Four Day Training Programme on Matlab and its Applications in Research Methodology" and Sustainable Construction Materials" for civil students on 13.07.2019 by Mr. A. Vivek, CRC Engineer, Prolific System and Technologies Pvt. Ltd., Chennai was the resource person of the workshop programme. The session commenced with the welcome address. The resource person graced the session with a programming platform designed specifically for engineers and scientists to analyze and design systems and products that transform our world. MATLAB is an abbreviation for "matrix laboratory". While other programming language usually work with numbers one at a time, MATLAB operates on whole matrices and arrays. MATLAB stores all numeric variables as double –precision floating point values. Additional data types store text, integer or single precision values, or a combination of related data in a single variable.

Sub: Request permission to conduct a Workshop on "One Day Training Programme on Matlab and its Applications in Research Methodology" for all EEE students -reg.

****

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Workshop on "One Day Training Programme on Matlab and its Applications in Research Methodology" for all EEE students at 10:00 am to 04:00 pm on 13.07.2019 with the aim of encouraging the students to gain knowledge in MATLAB. Through this programme the students can learn about the Signal Processing. Acquire and analyze signals and time series data. Predictive, Maintenance. Develop machine learming models to detect and predict faults. Computational biology. Analyze model data to classify and predict biological behavior. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

REPORT OF THE PROGRAMME **DATE: 24.07.2019**

Name of the programme : Seminar on "Strategies for Plagiarism Risk in IPR"

Beneficiaries: B.E – Final year MECH Students

No. of participants: 40

Date & Time: 24/07/2019 & 09:30 am to 12:30 pm

Resource person: Dr. S. Ganapathy M.E., Ph.D., Professor/EEE Annamalai University, Chidambaram.

Programme Coo-ordinator: Dr.Vinothkumar, Assistant Professor, / Civil IPR Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Strategies for Plagiarism Risk in IPR" 24.07.2019 by Dr. S. Ganapathy M.E., Ph.D., Professor/EEE Annamalai University, Chidambaram was the resource person of the seminar programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the barriers and issues for plagiarism and share strategies to handle plagiarism threat citing that plagiarism is considered as a serious crime in academic realm. Direct or indirect occurrences of plagiarism in scholarly literature can culminate an academic career. Concepts of infringement, misappropriation and enforcement were discussed in detail. He spoke about the relevance of intellectual property law which gives protection, encourages innovative research and helps to produce works of originality. He also dwelled on the ethics that need to be followed. In his expert talk, threw light on various aspects of the intellectual Property Rights concerns and how in the present era of mechanical reproduction of ideas, we could still safeguard our interest.

REPORT OF THE PROGRAMME **DATE: 30.08.2019**

Name of the programme : Seminar on "Intellectual Property Rights and Innovations"

Beneficiaries: B.E – Final year MECH Students

No. of participants: 40

Date & Time: 30/08/2019 & 09.30 am to 01.00 pm

Resource person: Mrs. P. Uma Maheswari B.Sc., M.BA., Counselor CII Institute of Logistics, Chennai

Programme Coo-ordinator: Dr.Vinothkumar, Assistant Professor, / Civil IPR Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Intellectual Property Rights and Innovations" 30/08/2019 by Mrs. P. Uma Maheswari B.Sc., M.BA., Counselor CII Institute of Logistics, Chennai was the resource person of the seminar programme. The session commenced with the welcome address. She gradually delivered his valuable knowledge to students about the awareness in all IPR sectors, to safeguard inventions and creative work from unauthorized exploitation. The participants are able to distinguish and identify various forms of IPR, Apply statutory provisions to protect particular forms of IPR, Know about the trademark, copyright and patent registration procedure, Identify criteria to fit one's own intellectual work in particular form of IPR. The participants gave a positive feedback about the session and showed their willingness to attend future events by the guest speaker.

Respected sir,

Sub: Request permission to conduct a Seminar on "Research Methodology Scope in Fibre Reinforced Concrete and Sustainable Construction Materials" for all Civil students -reg.

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Seminar on "Research Methodology Scope in Fibre Reinforced Concrete and Sustainable Construction Materials" for all civil students at 10:00 am to 01:00 pm on 14/09/2019 with the aim, how to control cracking due to plastic shrinkage and to drying shrinkage. They also reduce the permeability of concrete and thus reduce bleeding of water. Some types of fibers produce greater impact, abrasion and shatter resistance in concrerte. Through this programme the students can know about its uses and its range from structural application, to kerbs, pipes and drains. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

REPORT OF THE PROGRAMME DATE: 31.12.2019

Name of the Programme : Seminar on "Research Methodology based hands training on CADD Program for Mechanical Engineers"

Beneficiaries: B.E – MECH Students

No. of participants: 120

Date & Time: 31/12/2019 & 10:00 am to 01:00 pm

Resource person: Mr. K. Sathishkumar, Senior Design Engineer, CADD Centre Training Pvt. Ltd., Hyderabad.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Research Methodology based hands training on CADD Program for Mechanical Engineers" for MECH students on 31/12/2019 by Mr. K. Sathishkumar, Senior Design Engineer, CADD Centre Training Pvt. Ltd., Hyderabad was the resource person of the workshop programme. The session commenced with the welcome address. The resource person graced the session in 3D Modelling, Designing, Drafting, Prototyping, Performance &Safety Analysing. CAD software is used to aid in the creation, modification, analysis or optimization of mechanical designs thereby increasing the productivity, improving the quality. Computer aided design (CAD) uses specialist software to create two and three dimensional images and animations of projects both in manufacturing and for use in advertising and technical manuals.

Respected sir,

Sub: Request permission to conduct a Seminar on "Research Methodology based hands training on CADD Program for Mechanical Engineers" for MECH students -reg.

****

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Seminar on "Research Methodology based hands training on CADD Program for Mechanical Engineers" for MECH students at 10:00 am to 01:00 pm on 31/12/2019. This programme is very helpful to the students to make exact 2D and 3D drawings. Students will learn about the fundamental tasks like 3D Modelling, Designing, Drafting, Prototyping, Performance and Safety Analysing. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

Respected sir,

Sub: Inviting as a resource person for the programme conducted by R&D CELL-reg.

I am writing this letter to you to formally invite you to the R&D Programme Seminar on "Research Methodology based hands training on CADD Program for Mechanical Engineers" which has been scheduled on 31/12/2019 from 10:00 am to 01:00 pm.

In this regard, we would like to request you to be a guest speaker for the said event to share your knowledge to all of the educational participants.

Your favorable request regarding this request will be highly appreciated.

Thanking You,

With regards,

EDC coordinator,

MR.MUTHUKUMAR

Research and Development cell of A.R Engineering College organized the Seminar on "Introduction to Research Methodological Issues in Engineering Research" for civil students on 22/01/2020 by Dr. A. Velmurugan, M.E Ph.D., Associate Professor/ Mechanical Engineering, Government College of Engineering, Dharmapuri was the resource person of the seminar programme. The session commenced with the welcome address. Objective of the seminar is 1. Introduce research paper writing and induce paper publication skills and 2. Give the introduction to Intellectual property rights. He speaks about the purpose of a research methodology is to explain the reasoning behind your approach to your research you'll need to support your collection methods, methods of analysis, and other key points of your work. The process used to collect information and data for the purpose of making business decisions. The methodology may include publication research, interviews, surveys and other research techniques, and could include both present and historical information. This seminar will be very helpful for the students to proceed their research and project and the preparation of thesis.

Respected sir,

Sub: Request permission to conduct a Seminar on "Introduction to Research Methodological Issues in Engineering Research" for all Civil students -reg.

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Seminar on "Introduction to Research Methodological Issues in Engineering Research" for all civil students at 10:00 am to 01:00 pm on 22/01/2020 with the aim of encouraging an individual to assess the commercialization capability, six criteria for R&D project commercialization capability are technology, marketing, finance, resource, Intellectual property and beneficial impact should be considered but at different level relates to R&D development process. Through this programme the students can practice techniques to sharpen focus towards their research goal. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

Respected sir,

Sub: Inviting as a resource person for the programme conducted by R&D CELL-reg.

I am writing this letter to you to formally invite you to the R&D Programme Seminar on "Introduction to Research Methodological Issues in Engineering Research" which has been scheduled on 22/01/2020 from 10:00 am to 01:00 pm.

In this regard, we would like to request you to be a guest speaker for the said event to share your knowledge to all of the educational participants.

Your favorable request regarding this request will be highly appreciated.

Thanking You,

REPORT OF THE PROGRAMME

DATE: 29.02.2020

Name of the Programme : Workshop on "Embedded Systems ARM and PIC Microcontroller - Research Methodology"

Beneficiaries: B.E- EEE Students

No. of participants: 40

Date & Time: 29.02.2020 & 10:00 am to 04:00 pm

Resource person: Mr. G. Hariharan, CRC Engineer, Prolific System and Technologies Pvt Ltd, Chennai.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on "Embedded Systems ARM and PIC Microcontroller - Research Methodology" for EEE students on 29.02.2020 by Mr. G. Hariharan, CRC Engineer, Prolific System and Technologies Pvt Ltd, Chennai was the resource person of the workshop programme. The session commenced with the welcome address. The resource person graced the session with his valuable knowledge to students to focus on design, pin diagram, work on the architecture, input output interfacing. Exposure to embedded C and using assembly functions/programs in C is also the part of this training. The PIC microcontroller training imparts the skills to meet the needs of embedded system industry by programming the electronic circuits to work for wide range of tasks. Surely this training infuses the training with skills to meet the requirements of embedded system industry of programming the electronic circuits used for performing several ranges of task.

Benefits of learning PIC Microcontroller Course

- Understanding of the evolutions made in ARM Microcontroller Technology
- State the characteristics of PIC 16F877A microcontroller
- Gain strong knowledge of the interrupts as well as the timers
- Gain awareness about the latest updates in the embedded field
- Work on several projects that use a PIC microcontroller
- Study the pin diagram, architecture and input/output configuration.

Respected sir,

Sub: Request permission to conduct a Seminar on "Recent Opportunities for Mechanical Students in Automotive Industries in Research Methodology" for mechanical students -reg.

****

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Seminar on "Recent Opportunities for Mechanical Students in Automotive Industries in Research Methodology" for mechanical students at 10:00 am to 01:00 pm on 04.03.2020 with the aim of automation in industries for Mechanical engineers. Through this programme the students can know briefly about innovation, EDII and the students are motivated for TNSI. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

Respected sir,

Sub: Request permission to conduct a Seminar on "Digital Marketing The New Normal in Entrepreneurship" for all final year students of our institute (2018-2019 batch)-reg.

****

It is pleasure to inform you that the Research and Development cell has planned to conduct a Seminar on "Digital Marketing The New Normal in Entrepreneurship" at 10:00 am to 01:00 pm on 30.08.2018. The businesses can still sustain themselves and recover from the economic crises by changing their marketing strategies according to new consumer habits. Through this programme the students can practice these digital marketing techniques. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

REPORT OF THE PROGRAMME **DATE: 29.09.2018**

Name of the Programme : Seminar on "PCB Design Based on Research Methodology"

Beneficiaries: B.E- Students [ECE & EEE II Year]

No. of participants: 40

Date & Time: 29.09.2018 & 10:00 am to 04:00 pm

Resource person: Mr. A. Vivek, CRC Engineer, Prolific Systems and Technologies Pvt Limited, Chennai.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "PCB Design Based on Research Methodology" for ECE & EEE II Year students on 29.09.2018 by Mr. A. Vivek, CRC Engineer, Prolific Systems and Technologies Pvt Limited, Chennai was the resource person of the seminar programme. The session commenced with the welcome address. The resource person graced the session in circuit design. He gradually delivered his valuable knowledge to students about how to design a circuit board. He concluded the session with design techniques.

REPORT OF THE PROGRAMME **DATE: 21.07.2018**

Name of the Programme : Workshop on "Research Methodology Based Training in Java Programming"

Beneficiaries: B.E - CSE Students

No. of participants: 55

Date & Time: 21.07.2018 & 10:00 am to 04:00 pm

Resource person: Mr. P. Rajapandiyan, Assistant Manager, Prolific Systems and Technologies Pvt. Ltd., Chennai.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Workshop on "Research Methodology Based Training in Java Programming" for CSE students on 21.07.2018 by Mr. P. Rajapandiyan, Assistant Manager, Prolific Systems and Technologies Pvt. Ltd., Chennai was the resource person of the workshop programme. The session commenced with the welcome address. The resource person graced the session with the java coding web application. It has been a popular choice among developers of over two decades, with millions of Java applications in use today. Java is a multi-platform, object-oriented, and network –centric language that can be used as a platform in itself. It includes core topics like OOPs, String, Regex, Exception, INNER classes, Multithreading, I/O Stream, Networking, AWT, Swing, Reflection, Collection, etc. Java is a powerful general-purpose programming language. It is used to develop desktop and mobile application, big data processing, embedded systems, and so on.

REPORT OF THE PROGRAMME **DATE: 05.01.2019**

Name of the programme : Seminar on "Career Empowerment in IPR"

Beneficiaries: B.E – All final year Students

No. of participants: 60

Date & Time: 05.01.2019 & 09.30 am to 01.00 pm

Resource person: Mrs. M. Jaydhurga, B.E., M.B.A., Talent Recruiter, Seivanga Technologies, Bangalore.

Programme Coo-ordinator: Dr.Vinothkumar, Assistant Professor, / Civil IPR Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Career Empowerment in IPR" 05.01.2019 by Mrs. M. Jaydhurga, B.E., M.B.A., Talent Recruiter, Seivanga Technologies, Bangalore was the resource person of the seminar programme. The session commenced with the welcome address. The guest speaker speaks about, Empowerment is the process of becoming more confident and prepared to make important decisions and complete tasks. Learning about empowerment and exploring how to empower yourself and others can help you become more motivated to succeed in your position while also providing your colleagues with encouragement. It helps enable people to take initiative, make decisions for themselves and solve complex problems. By empowering others in the organization to help achieve the company mission and long term goals, you can also increase the effectiveness of the workplace and improve trust. It is increasingly clear that employers have a significant role to play in empowering the success of their employees with the right kind of training.

REPORT OF THE PROGRAMME DATE: 30.01.2019

Name of the Programme : Seminar on "Research Methodology Trends in Kinematics of Machinery"

Beneficiaries: B.E - Mechanical Students

No. of participants: 157

Date & Time: 30.01.2019 & 10:00 am to 04:00 pm

Resource person: Dr. K. Vinothkumar, Assistant Professor/MECH, R.M.K Engineering College, Chennai.

Programme Co-ordinator: Dr. Muthukumar, Assistant Professor, / CSE R&D Coordinator

Research and Development cell of A.R Engineering College organized the Seminar on "Research Methodology Trends in Kinematics of Machinery" for mechanical students on 30.01.2019 by Dr. K. Vinothkumar, Assistant Professor/MECH, R.M.K Engineering College, Chennai was the resource person of the seminar programme. The session commenced with the welcome address. He gradually delivered his valuable knowledge to students about the machinery. Kinematics of machines deals with the study of the relative motion of machine parts. It involves the study of position, displacement, velocity and acceleration on machine parts. Dynamics of machines involves the study of forces acting on the machine parts and the motions resulting from these forces.

Respected sir,

Sub: Request permission to conduct a Seminar on "Research Methodology Trends in Kinematics of Machinery" for mechanical students -reg.

****

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Seminar on "Research Methodology Trends in Kinematics of Machinery" for mechanical students at 10:00 am to 04:00 pm on 30.01.2019 with the aim of encouraging an individual to make decision towards their career goal. Through this programme the students can practice techniques to sharpen focus and champion a winning attitude towards their goal. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,

Chennai.

Respected sir,

Sub: Inviting as a resource person for the programme conducted by R&D CELL-reg.

I am writing this letter to you to formally invite you to the R&D Programme Seminar on "Research Methodology Trends in Kinematics of Machinery" which has been scheduled on 30.01.2019 from 10:00 am to 04:00 pm.

In this regard, we would like to request you to be a guest speaker for the said event to share your knowledge to all of the educational participants.

Your favorable request regarding this request will be highly appreciated.

Thanking You,

With regards,

EDC coordinator,

MR.MUTHUKUMAR

Research and Development cell of A.R Engineering College organized the Seminar on "Technology for Future Recruitment in Research Methodology" for all final year students on 06.03.2019 by Mr. Charles Godwin, M.S.W., HR Leader & Public Speaker, ZOHO Corporation was the resource person of the workshop programme. The session commenced with the welcome address. The resource person graced the session intended to tell about recruitment process has been elevated over recent years thanks to an adoption of emerging and developing technologies. It helped hiring managers, HR and recruiters to streamline their process and increase return-on-investment in their hiring efforts. Video technologies are becoming a major tool in the recruitment process. It is helping to reduce time-to-hire by enabling hiring managers to view videos of candidates answering a short series of questions prior to interview.

Respected sir,

Sub: Request permission to conduct a Seminar on "Technology for Future Recruitment in Research Methodology" for all final year students -reg.

****

It is pleasure to inform you that the Research and Development Cell has planned to conduct a Seminar on "Technology for Future Recruitment in Research Methodology" for all final year students at 11:00 am to 12:30 pm on 06.03.2019. Time-to-hire has drastically reduced within businesses that have adopted video technologies in their recruitment process. Advancement in database technologies has made the process far easier and more transparent, increasing return-on –investment and employee productivity. Through this programme the students can practice these digital interview processing techniques. So, we kindly request you to grant us permission to conduct the programme. The schedule and proposal of the programme is enclosed with the letter for your kind perusal and permission. Kindly do the needful.

Thanking you,

Yours sincerely,
